

Chris Stretton - Acoustic Soloist

With a strong yet smooth rock voice accompanied by the warmth of an acoustic guitar, Chris can make any Sunday afternoon or early evening dinner a pleasant experience. Belting out hits from artists like John Butler, Matchbox 20, Oasis and many more, you will find you and your guests humming along to songs you have completely forgotten about. Chris always keeps his repertoire fresh with constant additions.

His solo act is available to bring that special something to your Pub, Club, Wedding or Function. This is ideal for smaller occasions where you want the warm sounds to resonate through the room without being too loud. Chris uses a state of the art PA to achieve the best sound for the room or beer garden, also providing stage lighting and CD music breaks.

Having performed at more than 2000 shows, Chris has fronted some of Sydney's finest bands and has made a reputable mark in both the wedding and corporate markets.
