DJ/MC Marty McFadyn

Marty McFadyen has over 30 years of DJ experience with all types of functions and corporate events, including performing at many weddings. The extensive knowledge gained from playing at so many celebrations will guarantee that your special day will be perfect and memorable.

An extensive music library covering all decades and genres ensures you and your guests will enjoy a huge mix of tracks. With weddings generally having a range of ages attending, Marty prides himself on being able to provide a musical celebration which will keep everyone engaged.

Marty is also more than happy to act as your MC on the night. An experienced Master Of Ceremonies is crucial to guide you through your formalities and coordinate with venue staff to ensure that the entire event runs smoothly. If you have your own MC organised then Marty will be able to assist them as well. This is especially helpfully when you want that personal touch of a family member as your MC, but they may not have had a lot of experience with the role previously.

With Marty as your DJ and MC, you're getting someone who knows all the tricks and traps of wedding Receptions, and who will do everything he can to make sure that your celebration is the most fun and stress free that it can be.
