## DJ Andy Giurtalis

Andy's DJ career originally began as a spin-off of his production work. Having written, produced and remixed tracks for over twenty years, he gradually felt compelled to bring his studio craft to the clubs, pubs and events.

Since first hitting the decks in 2004, Andy has worked all over Australia alongside DJs such as Goodwill, Bass Kleph, Mind Electric, Resin Dogs and Nino Brown. In 2007 he was invited to be the Resident DJ for all Ministry Of Sound and HedKandi events in Bahrain. Here he performed alongside well know international DJs such as Richard Dinsdale, Andy Caldwell, Ron Carroll and Chuck Love.

Andy brings a wealth of experience to every event that he plays at. His extensive music knowledge ensures that your brief is understood perfectly, and he will always go out of his way to leave his audience smiling (and with sore feet!).
